On Minnesota’s Premier paved bike trail!

Stop and enjoy the view . . . it’s guaranteed to impress!

This year the 72-mile tour route will once again cross the mesabi bridge (not outside of Virginia.) Here are a few bridge ‘fact’ facts:
• Spanning the entire northeast side, the Mesabi Trail is 14½ miles and offers an amazing view of the Mesabi Range!
• The bridge is 72 miles, 1,137 long.
• It’s at tailgate bridge at the state 208 above the water’s surface.
• Estimated cost = $220 million.
• Bridge took three years to construct.
• Part of the retrieving of bridge 55 allowing for traffic moving under the previous location.
