The land here is magnetic. Beneath our rolling hills and towering pines is a band of iron that binds our communities together as one. Our communities are well known for our rich mining heritage and unique history, but dig a little deeper and you’ll quickly learn how our love for the outdoors has paved the path for some of the area’s best—and most unique—outdoor recreation opportunities.

We have some of the area’s best mountain bike trails and golf courses, a world-class ATV park and miles of trails for skis, sleds and so much more! Small mining locations have grown to charming towns, all connected via the state’s largest paved bike trail system, the Mesabi Trail.

Within each community, you’ll find a unique glimpse into the historic economic drivers in area—logging and mining—as well as have the opportunity to taste old-world recipes handed down from generation to generation.

The Mesabi Iron Range is the place for family and friends to make the memories that will last a lifetime.
WE’RE HERE FOR YOU!

When you see this pin, you know you’re talking to a CERTIFIED TOURISM AMBASSADOR. They have been trained to help you make the most of your time on the Iron Range!
